

LANCASTER PRIVATE SPA

Since 1925, Hotel Lancaster has been a favorite home to worldwide travelers. Its unique location a few steps from Champs Elysées, at the very heart of Paris, and its unique 1900 architecture made the Lancaster one ideal townhouse for those who know. After operating for more than 90 years, the hotel has been entirely redesigned in 2020 by Studio Jean Philippe Nuel in order to welcome you in a lavish decor with a contemporary touch.

Fully and exclusively private, the Lancaster Private Spa offers the possibility of a custom relaxing moment. A cocoon with mineral tones, where stone meets wood, playing on textures and natural colors. The white curtains create separations between the various spaces and give the place a special atmosphere brightened with softness.

In addition to the imposing jacuzzi, discover two treatment beds where you can enjoy a moment of well-being with your partner, a hammam and a terrace with a sunbed to fully enjoy a moment of relaxation before or after the treatment.
